At the Washington DC Veterans Affairs Medical Center, our Capitol Excellence team has a commitment to caring for all Veterans. Did you know that many our team members are Veterans themselves and that many more of us are the sons, daughters, spouses, sisters and brothers of a Veteran? So we are especially honored to be able to provide Veterans the best possible service and the highest quality health care and to treat every Veteran like they are part of the family.

Before serving as the Medical Center's Audiovisual Production Specialist, Russell Zill served four years in the US Army as a Broadcast Journalist. He says his favorite thing about being a Veteran serving Veterans is "Making good on our promises to take care of our own and to never leave a comrade behind".
